Mules

The mule has the athletic ability of the horse, is very clever and can be trained for harness as well as riding.

An Invitation to Join
The Donkey & Mule Society
of New Zealand (Inc.)

www.donkey-mule.org.nz

The Donkey & Mule Society of NZ is a friendly non-profit organisation founded in 1974 with a membership of owning and non-owning donkey and mule supporters. Members share a common passion for our long eared friends and support the Society's goals to preserve, promote and enhance the interests of donkeys and mules in New Zealand.

Benefits of becoming a member

Support

The Donkey & Mule Society has local area representatives, all knowledgeable and willing to assist owners to understand the care and enjoyment of their donkeys and mules. Contact the Membership Secretary to find their details.

Social Get-Togethers

From time-to-time social get-togethers are organised in local areas by Society members, e.g. beach walks, training and fun days.

The Society's AGM is held in May and alternates between the North and South Islands. This is a fabulous opportunity to meet other members and share stories, visit stud farms and learn.

Over the Summer Months are the Society's North and South Island Shows and local area A & P Shows often have donkey and mule classes which are great fun to be part of.

Donkey & Mule Dispatch

The Society's quarterly magazine which is posted to all current financial members. This 50 page publication is very well supported by our membership and is packed full with interesting stories, photos, events, health and care information and advice for donkeys and mules. Contact information of Committee members, area representatives and rehoming centres is also included.

Facebook Page

An active Facebook group/page for sharing Society news and events, promoting welfare and training, providing advice and support on care, handling and sharing our love of donkeys and mules. Photos and stories of your donkeys and mules are most welcome.
